

# JF TEAM POSTCARD

My name is GRACE Elise Mabelle. I am a fetish worshiper. Because of this, most of my siblings have moved away from me. It was not possible for me to give up the fetish because I inherited it from my grandparents.

In this SELMER neighborhood, there are a lot of Dioula and the Jesus in the film spoke Dioula and we could hear the message in our language. I was very happy to see the healing of a madman in the movie. I understood that the protection, the healing that we seek through fetishism is in vain because Jesus is the solution. I ask that you pray for my faith because the temptation of the world is there.
