

# JF TEAM POSTCARD

I was very sick for 4 months and could not walk said Kapalanga. When I heard that the Jesus Film will be shown, I asked my brother to help me attend. He accepted and he did it before the showing. When the team came at around 17.00hours, I asked them to pray for me; what they did. I watched the showing and then after I was prayed for again and I was realized from the demon attack that I was facing. I thank God that this following day I came myself. I thank God for His miraculous healing to me.
