

# JF TEAM POSTCARD

Patricia is 83 years old and is a known witchdoctor of the area. She has collected so many things from people and put them in pots and other funny containers. People knew her as the witchdoctor of the area. People were seeking healing and job opportunities from her. On this very day she was attending to her daily activities when she felt a force to go and join the Jesus film. She decided to go to the Jesus film. She was very un-easy sitting down and she felt confused. She started crying and shouting and team members requested the DS who is with them to pray with this lady. She told them no you need to come to my house. The team went to her house and they found so many things. She brought them out all these time she was trembling and crying. The DS prayed with her and burned all those things. The DS even shared the photos on Social media thus on Facebook and on JFM WhatsApp platform. Join us in prayer as we pray for Patricia in her new life. She is now a new creature in Christ the old has gone away and she is now born again in Christ that they have their part in the Kingdom of God.
