

JF TEAM POSTCARD

Marc is a 40-year-old man who did not go to church. He was from the Djigbo class in Côte d'Ivoire which is an ethnic group that means "invincible". It is an ethnic group where a person is initiated into witchcraft and evil. He was there for many years, but Marc started to notice that his life was not stable, he lacked peace in his heart and there was a great fear of dying or falling seriously ill. One day, a friend spoke to him about Jesus as no one had done before. His friend told him the words of Jesus when he said, "Come to me all you who are tired and burdened and I will give you rest." Marc's friend explained this portion of Scripture. "As a result," said Marc, "the love of God was born in my heart. Last month, I followed the Jesus Film and little by little, the Lord wins my heart. Thank you to the Jesus Film prayer teams for always praying."
